

COMMERCIAL DRIVERS TESTED FOR REFRACTORY ERRORS AND PREVENTIVE HEALTH AT MANGALORE

Posted on March 19, 2021 by CHD Group

Commercial vehicle drivers turned out in great number to get their vision tested as part of the CHD Group and Ministry of Road Transport & Highways, Government of India initiative called "Perfect Eyes, Safe Drives." Lobo's Medihub and Acculabs were partners in this process.

The commercial drivers were tested for blood glucose levels, blood pressure levels and preventive health ailments besides providing vision testing and spectacles free of cost.

CHD Group and Lobo's medihub team members co-ordinated and conducted the entire events.
