Strengthening health systems at the grass-roots and taking healthcare home in the 21st Century.

CHD Group runs mobile medical units on a unique model of healthcare built on social determinants of health and well-being.

The primary areas catered to in this mission are as follows:

- a. Providing basic healthcare support to vulnerable communities in bridging the quest for Universal Health Coverage.
- b. Focusing on Non Communicable Disease Clinics and Infectious Diseases in achieving national goals.
- c. Establishing Primary Healthcare Centers and Community Hospitals across the country.
