MASS VACCINATION AWARENESS DRIVE

We circled around number of villages to ensure 100% mass vaccination is achieved towards COVID-19 protection and the engagement revolved from behaviour change strategies, to enrolment to vaccination drives.

OXYGEN CONCENTRATORS TO KARNATAKA STATE

50 oxygen concentrators were shipped from China to support Bangalore’s oxygen needs. Different Government hospitals were supported with oxygen concentrators.
Date: 03/06/2021

To,
Dr. Edmond Fernandes
CEO, CHD Group, India Office

Sub: Letter of acknowledgment receiving the Oxygen Concentrators.

Sir,

This is to place on record that our hospital has received 10 number of oxygen concentrators donated by Center for Health and Development (CHD Group), India office, Mangalore for the welfare of COVID-19 affected patients and those in ICU and step down wards and general wards.

We will inform you about the use of the oxygen concentrators every week and we depute our staff Smt. Deepika. R. Bio Medical Engineer with contact number 9620167807 who will give you the update of the use of the ventilator on a weekly basis.

Thank you very much for supporting our hospital with these imported concentrators during such stressful times in the world.

Our hospital is always grateful to CHD Group and we would be happy to be of any support to CHD Group in future.

Thanking you.

Yours Sincerely

FIRST OF ITS KIND RAPID ASSISTIVE TECHNOLOGY SURVEY

WHO-AIIMS-CHD Group rolled out the first of its kind disability technology-based survey in Karnataka to evaluate and ascertain the needs for a disability friendly policy in India.
THE FAMILY PILLAR ALLIANCE (FPA)

The Family Pillar Alliance is a special initiative rolled out by CHD Group and the Edward & Cynthia Institute of Public Health (ECIPH) to build a new generation of workforce in the healthcare industry. Family Pillar Alliance is a two-pronged approach where we create a para-professional via skilling who eventually becomes a family member in the form of a caregiver. They become a pillar of strength to the family to whom they give the care and render service and also at the same time, they become a pillar of strength to their own family by livelihood and income generation support. This is how the concept was born into a meaningful alliance.
Edward & Cynthia Institute of Public Health (ECIPH)

A dream realized on 29th March, 2022 with the formal launch of the Institute. The institute becomes a unit of CHD Group which will be the academic arm of the Group and will shape the future of global health in India and around. The institute will focus on providing higher education to Masters in Public Health (MPH) students affiliated to Mangalore University and also skill develop rural students to be mainstreamed into the healthcare industry. That besides, the institute will roll out special initiatives & centers of excellence, commission research grants and projects, implement different projects, engage in monitoring and evaluation, provide technical support to the Governments and much more.
A special citizen project was initiated to build critical care capacities of district hospitals in India. Over 110 beds and ventilators were added to district hospitals to enhance surge capacity during times of distress.

District Surgeon,
District Hospital,
Tumkur, Karnataka.

To,
The Commissioner of Customs,
Air Cargo (Imports),
Airport / ACC Commissionerate,
O/o Chief Commissioner of Customs, Bengaluru Zone.

Sir,

This is to certify that the Center For Health And Development (CHD Group), C/O Dept of Community Medicine, St John’s medical college, Koramangala – Bangalore has been authorised as the relief agency for free distribution of covid relief material received free of cost from outside India availing the exemption from IGST under the customs adhoc exemption order 4/2021-Cus, date the 3rd May, 2021.

The said Center For Health And Development (CHD Group) shall import covid relief supply free of cost for free distribution in India as per details in the Annexure (attached), at Bengaluru International Airport Customs Station. Exemption from IGST is recommended for such imports by Center For Health And Development (CHD Group) under the said adhoc exemption order.

The relief agency shall provide the details of items so imported and distributed free of cost to the Deputy/Assistant Commissioner of Customs at the Port/Airport of import within the period prescribed in the said order, after due certification by this authority.
