- SOCIAL ENTERPRISES
**OUR CORE AREAS**

**Disaster Risk Management**

Protecting vulnerable communities during humanitarian disasters. CHD Team on ground provides specialty medical intervention to those in need. CHD is constantly engaged in disaster preparedness, disaster relief and disaster rehabilitation. addressing policy centered risk due to climate change, natural disasters and COVID-19 like pandemics is what CHD team strives to achieve.

**Maternal and Child Health Services**

Women and children are the most vulnerable groups in displaced communities; especially in remote areas. CHD has helped in reducing the burden of malnourished children by enhancing nutrition among children and women around the spectrum and across the nation. Some of them have emerged as a best practice in the country.

**Strengthening health systems**

Strengthening health systems at the grass-roots and taking healthcare to the homes in the 21st Century. CHD Group runs mobile medical units on a unique model of healthcare like never before.

**Public Health Education**

Building ownership in healthcare is the future that drives health education ahead. Sustainable development goal 3 looks at good health and well being promotion. CHD being a responsible healthcare provider is aligned to nurturing healthy communities and there by achieving progress.
OUR CORE AREAS

Climate Action and Environment
CHD engages in shaping human health and climate implications besides also enhancing and improving the world around us. We work with partners in achieving the Paris Agreement on Climate Action and sustainable development goal 13.

Health Policy and Advocacy
CHD works to translate grass-root voices into policy discourses, thus strengthening systems around us and achieving global goals.

Water, Sanitation and Hygiene (WASH)
Clean drinking water and sanitation influences health outcomes and therefore our programmes integrate these components in a very strong manner.

Communicable Diseases with special focus on Malaria and Tuberculosis Elimination
CHD supports Country Governments to achieve malaria elimination as envisaged in the national goals and also to strive towards Tuberculosis elimination.

Rural Development
CHD works in shaping up rural development by involving Panchayati raj institutions and by creating model villages to achieve sustainable development goals.
**OUR CORE AREAS**

**Non Communicable Diseases**
Non Communicable diseases like Mental health, cancer, diabetes, hypertension clinics, road traffic accidents are comprehensively addressed in our agendas.

**Skill Development**
Skill development and training and employment of skilled workforce aiding the Government of India's skilling mission is one of the components that CHD Group focuses in every work we do.

**School Health Services**
School health services and health education at government schools becomes very crucial in the up-bringing of the child. CHD Group focuses on school health as an enabler of comprehensive child growth.

**Public health and public policy research**
Grass-root work at CHD is built on public health evidence based interventions and this work is also translated into rigorous public policy solutions that benefit communities and help government departments achieve national goals.
